The Saveetha School of Engineering at Saveetha University offers 37 courses for the 2025 academic year. One of the courses available is the B.E. in Computer Science and Engineering, which is a four-year program with 600 seats available. The admission is based on TNEA and other exams. The total tuition fee for the course is approximately ₹9 lakh, while the median salary information is not provided. The course has a rating of 4.0 based on 128 reviews, but its ranking is not mentioned. Another course, B.E. in Agricultural Engineering, has been discontinued as of February 2024. It was also a four-year program with 30 seats, and admissions were through TNEA.

The Saveetha School of Engineering offers multiple engineering programs. The M.E. in Computer Science and Engineering is a two-year program with 18 seats available. The total tuition fee is ₹1.2 lakh, while median salary and ranking details are not provided. The course has a rating of 5.0 based on 2 reviews. The B.E. in Electronics and Communication Engineering is a four-year program with 480 seats and admissions through TNEA and other exams. The total tuition fee for this program is ₹12 lakh, but median salary and ranking details are not available. It has a rating of 4.3 based on 38 reviews. Another program, B.E. in Electrical and Electronics Engineering, is also a four-year course with 30 seats, admissions through TNEA and other exams, and a total tuition fee of ₹2 lakh.

The Saveetha School of Engineering offers B.E. in Energy and Environmental Engineering and B.E. in Civil Engineering, both of which are four-year programs with 30 seats each. Admission for the Energy and Environmental Engineering program is based on TNEA, while the Civil Engineering program accepts TNEA and other exams. The total tuition fee for both programs is ₹2 lakh, but details regarding median salary

The Saveetha School of Engineering offers a B.E. in Mechanical Engineering, which is a four-year program with 30 seats available. Admission is based on TNEA and other exams, and the total tuition fee is ₹2 lakh. The program has a course rating of 3.7 based on 10 reviews, while details regarding median salary and ranking are not provided. Additionally, the institute offers an M.E. in Product Design and Development, which is a two-year program with 18 seats. The total tuition fee for this master's program is ₹1.2 lakh

The B.E. in Information Technology program, which was discontinued in February 2024, had a four-year duration with 120 seats and admissions through TNEA and other exams. The course had a rating of 4.4 based on 3 reviews, but details on tuition fees, median salary, and ranking were not available. The B.E. in Automobile Engineering is a four-year program with 30 seats, admission through TNEA, and a total tuition fee of ₹2 lakh. However, information about the median salary and ranking is not provided. Similarly, the B.Tech. in Biotechnology is a four-year program with 90 seats, admission through TNEA, and a tuition fee of ₹6 lakh.

The B.E. in Bioinformatics Engineering is a four-year program with 90 seats, and admissions are conducted through TNEA. The total tuition fee for the program is ₹6 lakh, and it has a course rating of 4.0 based on 4 reviews. However, information regarding the median salary and ranking is not provided. The B.Tech. in Artificial Intelligence and Data Science is also a four-year program with 270 seats, admission through TNEA, and a tuition fee of ₹9 lakh.

The B.E. in Biomedical Engineering is a four-year program with 90 seats, and admissions are conducted through TNEA. The total tuition fee for this course is ₹2 lakh, and it has a course rating of 3.6 based on 6 reviews. However, details about the median salary and ranking are not available. The B.Tech. in Dental Technology is also a four-year program with 60 seats, and admissions are based on CBSE, ISC, and other exams. The tuition fee for this program is ₹2 lakh

The B.E. in Computer Science and Engineering (Cyber Security) is a four-year program with 120 seats, and admissions are conducted through TNEA. The total tuition fee for this course is ₹9 lakh, while details regarding the median

salary, ranking, and course rating are not provided. The B.E. in Computer Science and Bioscience is also a four-year program with 180 seats, and admissions are based on CBSE, ISC, and other exams. The total tuition fee for this program is ₹9 lakh

The M.Tech. in Molecular Medicine is a two-year program, but details regarding the number of seats, admission exams, tuition fees, median salary, ranking, and course rating are not available. The B.E. in Agriculture Engineering is a four-year program with 30 seats, and admissions are based on CBSE, ISC, and other exams. The total tuition fee for this course is ₹2 lakh
